## Happy New Year!

### Snow Angel

This is 'The Season' to celebrate Angels – And who is more Angelic and deserving than a Mother? Yes, Moms are like angels... They comfort us, nurture and protect us, and their jobs are the most difficult of all. While extremely gratifying, motherhood may leave some with undesirable reminders of pregnancy, as seen with stretch marks, saggy breasts and shapeless tummies. Behold! Mommy-makeovers are on the rise! These combined-procedure surgeries allow women to regain their figures and feel good about their bodies once again. For more information, please visit [www.aMommyMakeover.com](http://www.aMommyMakeover.com) and treat yourself to this special gift for the holidays!
